## CITY ORDINANCE GETS A TRY-OUT

**Auto Owner Fined for Taking Girl on Auto Ride for Immoral Purpose.**

The new city ordinance pertaining to automobile drivers picking up girls in the street and taking them out for joy rides and immoral purposes was given a try-out in police court today. Arthur Hertz, Harry Hite, Fred Brown, William Lewis and Jesse Lee Elliott were the prisoners before the bar in the case.

Hern, the owner of the car, was charged with receiving "a female person into a conveyance in charge and control of him for the purposes of prostitution, lewdness and assignation." Hite, Brown, Lewis and the Elliott woman were charged with loitering. Hern was also charged with speeding and driving his automobile without a rear light.

All charges were sustained by City Detective John McKinney, who made the arrests, and fines aggregating \$95 were imposed by Mayor W. W. Conaway.

The testimony in a case, given by the Elliott woman, the city's principal witness in the first charge, was to the effect that the four men were in her car on Madison street and as she was walking past the car they called her over to the auto and asked her if she would take a ride with them. She entered the car and the men entered into an agreement with her whereby they were to pay her \$5 if she would accompany them to Riverdale. She agreed and they started for Riverdale.

She was on route to the destination that Hite was arrested for speeding and driving without a rear light on his car. The arrest was made on lower Pennsylvania avenue.

The four men in the case told a different story. Their testimony was to the effect that the Elliott woman and an Italian passed their car and she recognized one of the men in the car. She came over and talked with him a few minutes, they claimed, adding that he asked her to take a ride and that she said that if they waited until 11:30 (it was then about 9:30) she would go with them. They declared that they had to be home by that time and that if she wanted to ride with them she would have to go right then. She refused and walked up Main street with the Italian, they contended.

About fifteen minutes later she came back down the street and started to get into the front seat of the car. The driver told her to get back in the rear seat. She did so and the ride was started. The men denied that they had made any proposition to the girl or had offered her any money. Shortly after the ride started they were arrested in Pennsylvania avenue for speeding.

Hern admitted the two traffic law violations, but they all entered pleas of not guilty to the other charges. After hearing all the testimony Mayor Conaway decided that they were all guilty as charged in the warrant and imposed a fine of \$25 upon Hern for taking the girl in his car and a fine of \$10 for violating the traffic law. Hite, Brown and the Elliott woman each drew fines of \$22 and costs for loitering. Lewis, the fifth member of the party, who was only 17 years old, was turned over to Judge E. M. Shaw, alter of the juvenile court for prosecution or disposal of his case.

Several traffic law violators, arrested for parking wrong and leaving cars out all night, were first offenders and were dismissed in police court today.

## MANY SYMPTOMS OF TUBERCULOSIS CITED

"Are you tired, even when you get up in the morning?" asked Miss May Maloney, county tuberculosis nurse, in diagnosing the symptoms of tuberculosis. This question was named as being the first in a list of questions used to determine the presence of the disease. A definite statement in regard to the presence of the symptoms may be obtained at the free chest clinic Saturday at the Fairmont Hospital from 9:30 a. m. to 11:30 p. m., Miss Maloney stated. She also said that specialists will be in charge of the examinations and both children and adults from the city and county will be eligible to derive benefit from the opportunity.

The other questions used in a tuberculosis diagnosis were classed as follows under the head, "Are you?" (1) Tired, even when you get up in the morning? (2) Losing weight? (3) Having night sweats? (4) Coughing? The fifth symptom is shown by the answer to the following questions, "Have you a pain in your chest, especially near your shoulder or in your side?" Miss Maloney stated.

The other symptoms of tuberculosis are diagnosed by the presence of a loss of appetite, persistent indigestion, the spitting of blood, a slight rise of temperature in the afternoon, the spitting of frothy mucus and hoarseness for an indefinite period, according to Miss Maloney.

Mrs. Laura Graham, 55 years old narrowly escaped instant death when she fell from the second floor of a building to the ground at 3 o'clock yesterday afternoon. She is at this time in a precarious condition at Fairmont State Hospital, where she was taken following the accident.

Mrs. Graham, who resides with her brother, Joe Austin, at 541 Monroe street, was attempting to close a door in the second story of her residence. The wind blew the door from her grasp and in attempting to regain the knob to close it, she stepped out of the open door and fell a distance of fifteen feet to a porch beneath. The porch on which she fell had no flooring and she fell on the rafters which had been placed to support the floor.

In falling she broke both arms in several places, the right arm being nearly torn from its socket, and fractured her right jaw. She was badly crushed and bruised about the body, and at the hospital where she was taken, it was

regarded as almost a miracle that she escaped instant death. Men who were working nearby saw the fall and went to her assistance, and physicians administered restorative before taking her to the hospital.
